## CG107 | *Transformation, Don Preston Trio*

This new CD by the Don Preston Trio features Don Preston on the piano, bassist Joel Hamilton and drummer Alex Cline, performing inventive treatments of music by Frank Zappa, Carla Bley, John Carter, Cole Porter, and Preston himself. *Transformation* presents a survey of Don's multi-farious career: his stint as keyboardist with Frank Zappa's Mothers Of Invention, his association with pianist-composer Carla Bley, his synthesizer work for the late distinguished composer-clarinetist John Carter, as well as his own reputation as a writer of powerful and original music.
